dreams

Application form

Beta Evaluation Application Requirements

As part of the beta evaluation application criteria, Creators must:

- Provide their PSN Online ID;
- Provide a valid email address;
- Project viability: Confirm that their creation is original and provide a detailed description of the project, minimum [250] words to include:
  - proposed usage of Dreams;
  - proposed output including how the final creation will be used;
  - proposed target community/audience;
  - third party involvement including third party equipment/tools/products/services; and
  - expected timeframe to complete project.

Applications will be considered based on:

1. Project viability;
2. Requisite skills for the project; and
3. Applicant being a Member of Early Access community in good standing.

Please complete all sections.

PSN Online ID:

Please enter the Online ID used in Dreams Early Access.
